

High School Observation Grid at BGP
 GP North High Applied Medical Research Course
 Lake Shore High Health Occupations Course

August 17, 2015

Dear Leaders,

Please let me know if you are amenable to allowing the **Grosse Pointe North (GPN) & Lake Shore High (LSH)** students observe in your area(s). Many of you have participated in the past with the students. For those of you who are not familiar with these programs: The High School students come to BGP as part of their "Applied Medical Research Course" and "Health Occupations Course". The observation is an element of the course which earns credit towards graduation.

This program has been pivotal in these students' career choices and successes at the college level. Many of these students have gone on to Nursing and/or Medical careers because of you and your staff and the wonderful experiences that they are exposed to at GP.

All students have complied with HR requirements, lab, vaccines, confidentiality, etc...

LSH will have approx. 14 students. On-site observation will occur on the **1st & 3rd Mondays** of the month, starting October 19th, 2015 and continue through April 18th, 2016. Hours are from 0730-1000.

GPN will have approx. 49 students. On-site observation will occur on the **2nd Mondays** of the month, starting October 12th, 2015 and continue through March 14th, 2016. Hours are from 0730-1000 and 1030-1300 for most units.

As always, your participation is very much appreciated. Please complete the table below and/or email me with the name of contact person, best number to call, and which time frames are **NOT** appropriate to have students observe on your unit and/or observe staff.

Unit/Individual	Contact Person	Contact Phone#	7:30a-10:00a Y/N 1 st /2 nd /3 rd Monday	10:30a-1:00p Y/N 2 nd Monday Only
Pre-op/PACU				
Endoscopy				
CCU				
CCSU				
Emergency Center				
Cardio/pulmonary (Stress Lab)				
Cardiovascular				
Radiology/Imaging				
Beaumont Rehabilitation 23715 Little Mack, SCS - Suite 200				
Respiratory Therapy				
OR/Anesthesia				

Unit/Individual	Contact Person	Contact Phone#	7:30a-10:00a Y/N 1 st /2 nd /3 rd Mon	10:30a-1:00p Y/N 2 nd Mon Only
Infusion Services				
Rehab PT				
Central Processing				
Nutrition/Dietary				
Biomedical Engineering & Facilities				
Orthopedic Unit				
Transportation				
Environmental Services				
Laboratory
