Comments / Summary

First contact with patient, patient transferred to Unit on 5/12, for higher level of care. Upon review of CM notes, SAR was apparent plan. Patient scheduled for Second Look surgery this afternoon. SW and CM will continue to follow for needs.

Current Working Transition / Discharge Plan

d/c planning

Transportation needs: ☐ Ambulance ☐ Wheelchair Van
☐ Family ☐ Other

Next Hospital Level of Care: ☐ RMF/RSF ☐ IPR ☐ Progressive
☐ IP Psych ☐ Other ☐ Not Applicable

Agreement with plan: ☐ Patient ☐ Family
☐ Legal guardian ☐ Other

Obstacles / Barriers

Clinical status

Comments / Summary

Patient currently extubated, will need PT/OT evaluations when medically stable. Would expect SAR plan for next level of care.
