All.

I hope we understand the importance of this situation. Renting these trays that we currently loan for free, will cost the same for 3 rentals as to buy, per Deb and Jim.

We have been so close to cancelling cases, in fact, more than a dozen times. Jim has been VERY GENEROUS.

This ongoing issue has seriously affected us for more than a year.

Steph

**Importance:** High

Linda , here are the quotes for the Truclear.

I was able to reduce the cost from the original quote by not ordering the pan /tray and also the large diameter scope . This set is a high use item and is needed ASAP .

Jim has been very understanding and has helped us out over the years however to is becoming more difficult in the recent months were our scopes have broken and having a loaner still caused some turn over issues . Stephanie and I have discussed some ways to prevent issues if we could order in just the 5 DEG. Scope and handpiece ( X/2 )

Thank you

**Subject:** April TruClear cases

**Importance:** High

Morning.

Deb has made me aware that during April there are 11 TruClear cases.

Jim has made it known that although his only loaner tray remains here at BGP, he may need to bring this to another facility if it is needed, with no absolute it will be avail if BGP requires it.

On April 11<sup>th</sup> & 12<sup>th</sup>, we will face an issue of cancellation or delay if the loaner is returned...or our sets face repair.

Any word on obtaining the difficult capital to purchase just one small set to alleviate our continual, current issue.

Thank you very much for the interest.
