Alexis:

That is wonderful news. Administrative Manager is the next step in your career path; I am happy to meet with you and discuss the interview process, the role or whatever else you may need. Wow, that BSN came in handy a bit sooner than you expected. 😊

The agreement is for you to stay at GP in a leadership position, no restrictions on whether you change your leadership role or not.

Please let me know what I can do for you.

Anne

Just wanted to let you know that I applied for Janet's position. Are we allowed to apply for positions or are we bound to our current positions for 2 years?

Alexis
